

Junior Designer/Drafter

Purpose of the Position:

The Junior Designer/Drafter, under the direction of the Senior Designer and Drafting Manager, is required to perform and be accountable for executing multiple projects in a dynamic work environment and completing assigned projects to the standard of both Grey Owl Engineering and our clients. Experience with AutoCAD Plant 3D is an asset for this position.

Responsibilities:

- Prepare drawing packages for the following:
 - Oil batteries and compressor stations
 - Sweet/sour oil and gas gathering systems
 - Battery and compressor station expansions
 - Water injection and water treatment facilities
 - Refrigeration plants
 - Gas blanketing and incineration flaring systems
- Coordinating multiple smaller projects to maintain cost and schedule expectations
- Prepare Line Lists, Valve Lists, Tie-In Lists and Bill of Materials
- Reviews drawings prepared by other drafters/designers for accuracy, completeness and compatibility of designs between disciplines
- Provide technical piping design work to develop project drawings to meet project deliverables and communicate such to the project/design team
- Ongoing and proactive communication with Drafting Manager regarding project status and deliverables
- Ensure that all projects conform to client specifications, codes and standards
- Proactively work with Document Control to maintain project issue dates
- Support Grey Owl Engineering's HSE initiatives

Requirements:

- 1-3 years' experience work with operating facilities, fabrication shops and/or EPCM firms
- Must have familiarity with Piping and Instrument Diagrams (P&IDs)
- Prefer experience within conventional gas plants, well site, batteries, full-service terminal facilities
- Technical Diploma in Design/Drafting from an accredited post-secondary Institution
- Must be proficient with the following design software:
 - AutoCAD, ProCAD, CadWorx Pro., IsoGen, Navisworks, AutoCAD Plant 3D (previous experience with AutoCAD Plant 3D is considered a strong asset for this position)
- Microsoft Office Software
